#12  
B.D.  
5/24/04

After a series of telephone calls to applicant, I finally got the pro se inventor to submit an application in a format that will at least be able to be examined. However, Amendment No. # 11/E is still Non-Compliant for the reason stated below:

**Deletions by "Bracketing" [ ] must use double brackets [[ ]] and can be used for deleting five or fewer characters only.**

Please inform applicant in next office action.
